Sderot improved

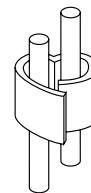

Security fence serves as a physical, high-quality and robust barrier for perimeter defence. It is suitable for a continuous fence around storage areas, villages and communities, factories, security installations, institutions and similar. Can be used as the infrastructure for supporting all types of electronic surveillance and alarm systems. A wide range of possibilities for additional protection are available as required.

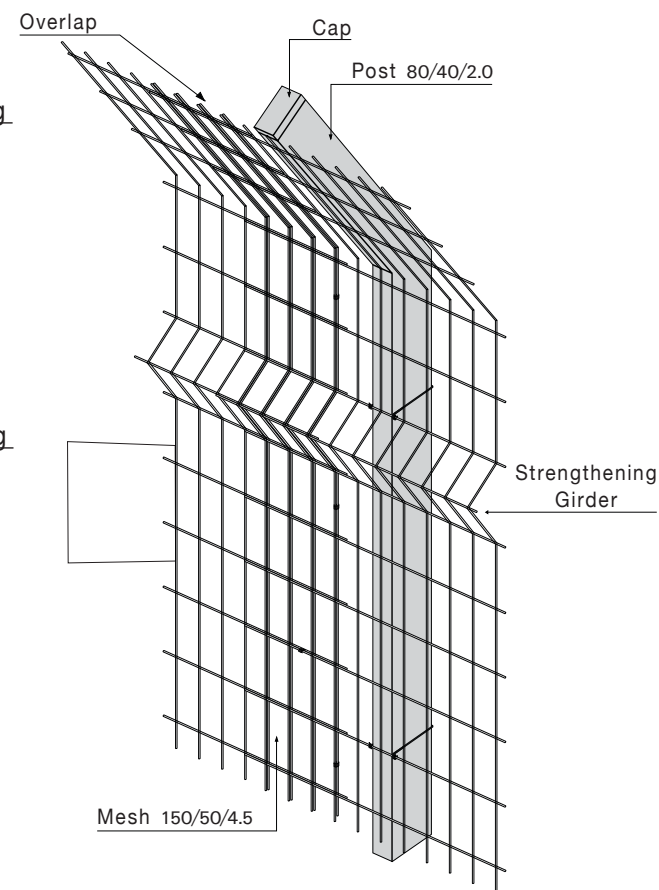

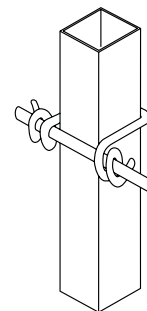

# SDEROT

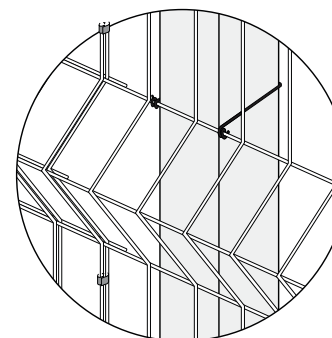

Clips for joining mesh to mesh

Clamp for fixing mesh to pole

Strengthening Girder

Height	Mesh spread	Mesh	post	No. of clamps	No. of clips	Posts' centres
2350	3200/2560	150/50/4.5	80/40/2.0	6	12	3000
*2650	3200/2930	150/50/4.5	80/40/2.0	6	14	3000
**3150	2700/3500	150/50/4.5	80/40/2.65	8	22	2500

The above dimensions are in mm.

\* Improved Sderot (Givon) – without strengthening girder, \*\* = Sderot G (Givon G)

The development of new fences by Yehuda Fences is ongoing and therefore changes may occur from time to time in their form and specifications without prior notice.
